

INTRODUCTION TO INVESTMENT

THE FOUNDATION QUALIFICATION

The Chartered Institute for Securities & Investment is the principal provider of qualifications designed for financial services practitioners.

Introduction to Investment

The Introduction to Investment qualification has been specifically designed to meet the needs of new entrants to the investment industry, providing an overview of all areas of investment. The qualification offers staff in a wide range of roles a valuable understanding of the language of the industry and provides firms with a benchmark entry level qualification which can be used for induction purposes. It comprises one examination of one hour's duration.

CISI's partnership with IMA

The Chartered Institute for Securities & Investment is working in partnership with the Investment Management Association (IMA) to develop more relevant qualifications for IMA members firms and their employees. The IMA recommends that the qualification forms part of the induction programme at IMA member firms.

Who is it for?

CISI and IMA recommend that Introduction to Investment is part of an induction programme taken by all new employees, irrespective of job title. The new syllabus allows the qualification to be taken by a range of staff not just in traditional investment administration roles. It will be especially relevant to the following job roles:

- Administration
- Investment Operations
- Clerical, Call and Contact Centres
- Finance & Accounting
- IT
- Customer Service
- Sales & Marketing
- Fund management & support
- Compliance
- HR and Training

Benefits for firms

- ✓ allows firms to demonstrate a commitment to high professional standards in the investment management sector
- ✓ offers a qualification specifically tailored to the business needs of firms
- ✓ offers a broad overview of investment that is suitable to a variety of job roles within the firm
- ✓ ideally suited to form part of the induction programme at firms
- ✓ demonstrates to clients a high level of competence amongst staff
- ✓ provides a benchmark for firms to check that their staff have a solid foundation

Benefits for firms' employees:

- ✓ Available to all employees, requiring no previous skills or qualifications
- ✓ demonstrates a commitment to understanding the industry sector they work in
- ✓ offers holders confidence in their dealings with customers and colleagues
- ✓ supplies a solid foundation from which to operate in a range of job roles
- ✓ provides flexibility of study — either through training with an CISI accredited training provider or through use of the Introduction to Investment workbook
- ✓ presents the first step to completing the full IAQ™ (further details: cisi.org)
- ✓ offers successful candidates eligibility for Affiliate status of CISI

CISI qualifications are recognised by the Financial Services Skills Council and the Office of Qualifications and Examinations Regulator.

Regulatory Approval

The Introduction to Investment qualification has been recognised on the Financial Services Skills Council Appropriate Examination list as equipping candidates working in retail firms with an Appropriate Examination for industry awareness.

Introduction to Investment equips staff working in administration roles on behalf of wholesale firms with a broad understanding of the financial services industry, enabling them to carry out their job roles more effectively.

The Chartered Institute for Securities & Investment has been recognised as an Awarding Body by Ofqual and as such both individuals and firms can be assured that the Institute's processes, policies and systems meet rigorous quality assurance standards. Introduction to Investment is accredited by Ofqual as a stand-alone award.

Senior industry practitioners are closely involved in the development of the programme ensuring the exams are work related and the programme is of a high quality.

“IMA members aim to recruit good quality, skilled people; this exam ensures that they will have a sound understanding of the investment industry as they start their careers

Richard Saunders, Chief Executive, IMA

Registering for the Introduction to Investment Qualification

When registering for the Introduction to Investment qualification all candidates are required to complete a Qualification Registration Form. cisi.org/qrf

Prices

All new candidates must pay an CISI exam registration fee, which includes free student membership. Visit cisi.org/prices to ascertain current prices.

Examination Entry

The Introduction to Securities and Investment examination is delivered by Computer Based Testing (CBT), available throughout the UK and worldwide. Subject to availability, the examination can be taken on any date within the opening hours of the preferred test centre. A candidate will receive their results upon leaving the test centre. For a list of venues visit: cisi.org/cbt

Assessment Structure

The Introduction to Investment is a one hour examination of 50 multiple-choice questions. The pass mark for the examination is 70%.

Candidates sitting the exam by CBT will be required to answer up to 10% additional trial questions that will not be separately identified and do not contribute to the result. Candidates will be given proportionately more time to complete the test.

A certificate of achievement is issued upon successful completion of the qualification.

Programme Timeline

There is no set period in which to achieve the Introduction to Investment qualification, although candidates are advised to spend approximately 70 hours studying the workbook.

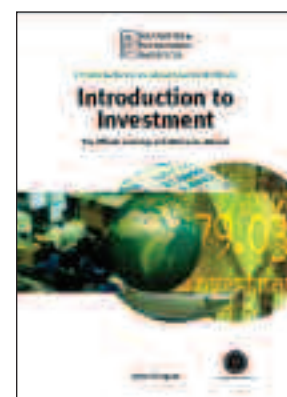

Studying for Introduction to Investment

Formal training is available through CISI Accredited Training Providers. CISI accredits training providers that demonstrate that they deliver high quality training and support to candidates preparing to sit CISI examinations. To find an ATP near you, visit cisi.org/ATP

Self Study Route - In addition to, or instead of formal training, candidates can choose the self-study route. The CISI workbook offers comprehensive coverage of every area of the syllabus, end of chapter summaries and sample examination questions to ensure candidates are fully prepared before the examination.

The workbook contains:

- ✓ a syllabus learning map
- ✓ end of chapter revision questions
- ✓ sample multiple choice exam questions
- ✓ clear explanations, graphics and tables
- ✓ a comprehensive glossary
- ✓ a free pocket prompt accompanying each workbook

Next step – IAQ™

The Introduction to Investment qualification provides a stepping stone to achieving the CISI's Investment Administration Qualification (IAQ™). Introduction to Investment qualifies as one unit in the IAQ so successful candidates need only take 2 more units to achieve the IAQ. Taken by over 10,000 candidates a year, the IAQ is widely recognised as the most appropriate qualification for staff working in administration and operations in financial services. For more information visit: cisi.org/iaq

“Our new T & C sourcebook gives firms greater flexibility to determine how best to achieve the standards FSA expects - cost-effectively and on a consistent basis. Trade associations have an important role to play and IMA's partnership initiative with the CISI is a good example of this in practice

Dan Waters,
Director of Retail Policy and Asset Management Sector Leader, FSA

Support from the Candidate Commonroom

CISI have created an online candidate commonroom where students can view sample examination questions, find useful tips on passing the exam, and find out more information on CBT. Visit: cisi.org/candidatecommonroom

CISI membership

Student membership lasts for 12 months and is extended at no extra cost if candidates have not completed the Introduction to Investment qualification at the end of the 12 month period.

Individuals successfully completing the Introduction to Investment are eligible to become Affiliate Members.

There are a range of membership benefits enjoyed by over 40,000 CISI members worldwide. For further details visit: cisi.org/membership

Candidate Performance Reports

If a candidate is unsuccessful in their exam they are able to buy a Performance Report from CISI. The reports are useful in identifying exam time management, performance analysis against national average and areas that require additional revision.
